## **4. Qualification for Life Membership**

A person who meets the minimum qualification for Life Membership does not constitute automatic grounds for the granting of Life Membership. In determining the candidate's nomination, consideration by the Committee should be given to a comparison with existing Life Members' achievements. This should include consultation with other Life Members.

Life Membership should not be unduly withheld for worthy candidates and can be awarded retrospectively.

The Committee also reserves the right to consider nominees who do not meet the full criteria under "extenuating circumstances" and the right to also revoke Life Membership.

## **5. Extenuating Circumstances**

Life Membership may also be offered to those persons who have rendered outstanding and valuable service to Macedon Cricket Club however due to extenuating circumstances, meeting the minimum qualification has not been able to be fully met.

In considering the awarding of Life Membership through this clause the following criteria should also be considered:

- A comparison to existing Life Members achievements and contributions.
- long and meritorious service.
- Whether continuous and exceptional membership has been provided.
- The high regard and a prestigious nature of the award.
- Length of membership alone is not appropriate.

## **6. Revoking of Life Membership**

The Macedon Cricket Club reserves the right to retract Life Membership. Grounds for retraction include behaviour that has had a significant adverse effect on the image or playing of cricket for Macedon Cricket Club and would only be revoked through extreme circumstances.

The Committee must be presented with clear and unequivocal evidence at a Committee Meeting that

explains the reasons for the revoking of Life Membership. The Committee must then via majority vote to determine if the threshold of extreme circumstances have been met.

Should the threshold of extreme circumstances be met, the following meeting a further majority vote will be called to determine if the Life Membership should be revoked.
